**Asked to be placed on the Agenda:**

- None

**Public Comment:**

- Al Simon of Morrow Drive
  - Zoning problem that he has been unable to resolve
  - Chickens in his neighbor's back yard
  - Has been in communication with Inspector Mills and Trustees, but nothing has been done about it
  - Wants to see the Ohio Revised Code and Bazetta Zoning Resolution enforced
- Inspector Mills said there was a Senate bill passed about this awhile back
  - Waiting for an opinion from Atty. Finamore about this bill
  - Believes the bill allows 8 chickens per yard regardless of local zoning rules, but limits the number of roosters
  - Will follow up with Atty. Finamore again
- Trustee Hovis also stated that he would contact Atty. Finamore to get an answer about this
- Trustee Webb reminded residents that state law supersedes local government regulations
- Trustee Hovis said someone would get back to him
  
- Robert McBride (Bob's Tree Service) of Warren Meadville Road
  - Wanted to know what he has to do to bid for township jobs

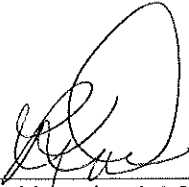

- Superintendent Parke replied
  - He doesn't call him because his bids in the past have always been higher than the companies he usually uses
  - He will contact him in the future
- Robert McBride (Bob's Tree Service) of Warren Meadville Road
  - Asked if the township is living off the Grant Oakes estate money
  - What are the Trustees planning to do now that the levy has failed again?
- Fiscal Officer Drew said that the only reason that General Fund did not run out on money several years ago was because of the Oakes and other estates
- Trustee Hovis replied
  - The township is going to have to make even more cuts in 2017
  - The General Fund will continue to be drained, until there is so little left that the state will come in as is happening in Liberty and Niles
  - Encouraged him and other residents to look at the presentation about the General Fund that is on the township website and Facebook page
- Robert McBride (Bob's Tree Service) of Warren Meadville Road
  - Asked if the water line that goes to the new fire station could be used elsewhere
- Trustee Webb replied
  - It cannot because the agreement to get that line was specifically for the fire station only
  - The township has been working on getting a line up Elm Road for years
  - The plan underway for 2018 is from the water treatment plant to the Cortland City line
  - That plan will allow for branches to road off Elm Road
- Paul Carlson of Lakeshore Drive
  - Asked what the game plan is since the levy did not pass
  - Asked if the levy be placed on the ballot at the next possible opportunity
  - If it does not go on the ballot again, then the township is telling the public we really don't need it
- Trustee Hovis said the Trustees and Fiscal Officer have not discussed it yet, but he would like to put it back on again as soon as possible
- Fiscal Officer Drew stated that she will not have projections ready for the end of 2016 and 2017 until the first week in December
- Trustee Webb said we simply don't know yet
- Trustee Webb asked what those in attendance thought we should do to get more residents involved and to get the levy to pass
  - Robert McBride said people don't know what the General Fund does
  - Al Simon though people in Cortland pass levies and don't here is because there are so many renters in Cortland and they don't care about property taxes
  - Inspector Mills said people aren't going to do anything about it until they feel it
  - Paul Carlson that consequences of not passing the levy need to be made known to people
- Trustee Webb noted that a presentation with all this information exists
  - On the township website and Facebook page
  - Was shown at every township meeting for more than 2 months
  - Was shown at several town hall meetings around the township
  - Literature was created and mailed or hand delivered to all registered voters

**268-16** To adjourn the meeting at 7:03pm.

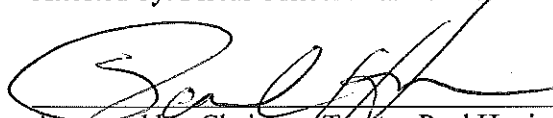

**Motion:** Trustee Webb

**Second:** Trustee Hovis

**Vote:** Trustee Hovis - Yes      Trustee Parke - Absent      Trustee Webb - Yes

1. Requesting an expenditure of \$4,050.00 from Canfield Fence Company 9400 Derwile Road, Canfield, Ohio 44406. To Install 340 feet of 6ft high 8gauge Black Link Fence on the property line of 3000 Warren Meadville Road. Received to written quotes and one verbal quote. Harmon Fence Inc. \$7,280.00 - Eagle Fence \$5,500.00 - Canfield Fence \$4,050.00. Written Quotes attached.
2. Request an expenditure not to exceed \$500.00 from the Orion Company for a Snow Plow Rubber Bladed 1.5 in X 8 in X 8 ft.
3. Request an expenditure not to exceed \$550.00 from A. G. Mauro Company for door locking key pad system. Quote attached.
4. Requesting an expenditure not to exceed \$6,000.00 From QDCIP Fire for a generator with light and extension cord with light. Three quotes were attempted, only received on and it is attached.
5. Requesting the Trustees to accept Michael F. Wright resignation letter dated November 7, 2016. Resignation attached.
6. Requesting Rudy Harsany return back from leave of absence on November 14, 2016 at 0800 hours

Professionally,  
Dennis Lewis  
Fire Chief

Chief Lewis,

After some research into generators and the local distributors, I am recommending we purchase the following items from QDCIP (Quality Doesn't Cost, It Pays).

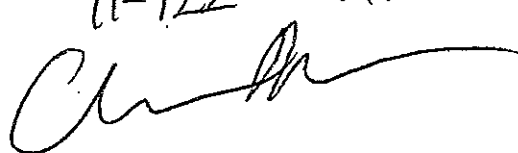

1 - 2SPECS Lentry w/Honda EU2000i / Spectra LED light / STD pole @ \$3871.00

1 - SPAKR700 – K20 portable with 20,000 lumen head / switched @ \$1272.02

1 - AKRON BRASS live reel 12/3 600v cord 100Ft @\$375.00

For a total of \$5518.02

I attempted to get quotes from 3 different local dealers, but only received one quote back. The quality of these products are unmatched and the prices offered are significantly lower than the manufactures price. This would give us a 2,000 watt portable generator with a 20,000 lumen led lamp attached, a portable 20,000 lumen led lamp head, and a 100' 12/3 cord reel. Each lamp head draws approx. 336 watts leaving the generator with approx. 1,328 watts left for an electric hand tool.

# SPECIFICATIONS

**Lentry® Power & Light Systems** are protected under US Patent D684,309. There are 36 models from which to choose. Models vary by light head, number of poles and lights, height, and power level.

Dimensions and weights are shown for the main components, not the complete models, because **Lentry Systems** deploy and disassemble easily. The poles and light heads disconnect from the rest of the unit for transport and storage separately from the generator portion, as shown in the photo of "James carrying 2SPECS." Also, because the light heads rotate and fold forward and back, the possible configurations are endless.

Measurements shown are approximate and may vary a small amount due to normal fluctuations in materials and manufacturing processes.

## Light Heads

## Generators

All **Lentry System** models include a Honda® super quiet EU-series generator. 1000 watt models include the EU1000i; 2000 watt models include the EU2000i. "Rated" wattage is the amount of power the generator can supply continuously to run lights and other tools; "Max" wattage is available for short bursts.

## Legs

**Lentry Systems** have three independently adjustable, outward curving, solid aluminum legs which lift the unit 10 inches above the ground. Legs also allow for stable setup on stairs and uneven ground, straddle debris, and, when retracted, protect the generator.

To whom it may concern:

Due to changing life situations I have come to the realization that it is impractical to continue to work part time for Bazetta Twp. I thank all parties involved for the opportunity to work in a nice community like Bazetta and wish nothing but the best in all current and future endeavors. Congratulations on the new fire station and ladder truck. It is going to be a beautiful addition to the community.
